

Policy for the Use of Facilities and Furnishings

Passed by St. John's Parish Pastoral Council on February 12, 2020

“The parish facilities are to be used for activities that promote the life of the Parish. These activities shall be connected to ministries in the parish and may be run by parishioners. Any persons seeking the use of the building that falls outside the above criteria will be refused. Any possible exceptions may be referred to the Parish Pastoral Council or the Finance Committee. If the group does get permission, they must provide adequate insurance at their expense, pay any and all clean up and custodial fees, and conduct only non-alcoholic functions.”

“No parish furniture or furnishings may be used for any purpose other than parish events that take place on site. Under no circumstances will any individual or group be allowed to borrow parish furniture or take anything off site.”
